THIS MEMO MAY CONTAIN PRIVILEGED ATTORNEY-CLIENT COMMUNICATIONS

Hi, I asked about the 121 sample locations -- here is where he says the info is:

Humane L. Zia

Humane --

Your first point (seeking clarification regarding our March 2 letter and Exhibit C to the COSA) is correct.

The EDD spreadsheet containing the residential sample locations was indeed provided in Cabot's March 2 submission. It can be found within the folder labeled "RFI Area of Concern -- ACTS Download (2 28 12)" and is an Excel spreadsheet of the same name as the folder (i.e., it is titled "RFI Area of Concern -- ACTS Download (2 28 12)"). Please don't hesitate to contact me with any additional questions.

Thanks very much,

Lowell Rothschild, Senior Counsel
Bracewell & Giuliani LLP

Lowell,

Thanks for your email and subsequent letter enclosing the COSA Exh. C, which I received today. I would appreciate it if you would clarify a couple things:

- Please confirm what appears to be an error in the March 2 letter, which refers to Cabot-EPA 129478-479 as individuals who received water under the COSA. I believe that statement was intended to refer to Cabot-EPA 129634 (the Exh. C received today), but want to be certain.
- EPA still has questions about the identities of the 121 residential sample locations within the Site area, which were referenced in Cabot's powerpoint presentation at our February 22 meeting, and which you indicated in your 2/28 email to me would be provided in EDD format in Cabot's March 2 submission. If this information is included on the disc, please identify where it is located (which folder and document).

As mentioned yesterday during our conversation, I will let you know what, if any, of the 'administrative information' described in the March 2 letter EPA is interested in.

Regards,
Humane

Humane –

As requested, attached are copies of the documents we produced last Friday (March 2) which relate to the individuals within the RFI area to whom Cabot has supplied drinking water. Also attached is Exhibit C to the COSA, which was referenced in our Friday cover letter but we did not provide; we will send you a hard copy of this document under cover later this afternoon. This exhibit, as we discussed, lists the individual receiving water under the COSA.

As we also discussed, this information describes in broad outline the individuals in the RFI area to whom Cabot has provided drinking water. As requested, I will ensure that Cabot has previously produced the addresses or locations of these individuals. To the extent it has not, we will provide you with that information. We look forward to hearing from you with regard to any other detail you would like regarding Cabot's delivery of water to residents within the RFI area.

Thanks very much,
